

Project Design Phase-II

Data Flow Diagram & User Stories

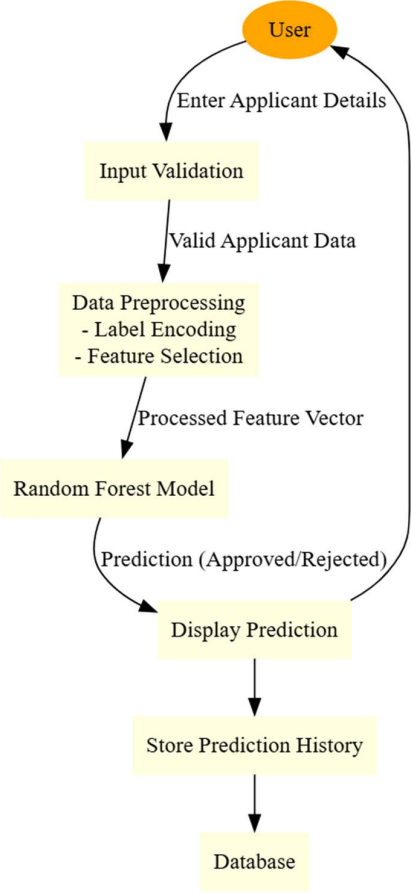

Date	15-07-2026
Team ID	SWTID-2026-1581
Project Name	Credit Card Approval Prediction
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Data Flow Diagram (Level-1)

User Type	Functional Requirement	User Story No	User Story	Acceptance Criteria	Priority	Release
Applicant	Registration	USN-1	As a user, I want to register an account so that I can access the system.	User can create an account successfully.	High	Sprint-1
Applicant	Login	USN-2	As a user, I want to log in securely using my credentials.	User can log in with valid credentials.	High	Sprint-1
Applicant	Dashboard	USN-3	As a user, I want to access my dashboard after login.	Dashboard is displayed after successful login.	High	Sprint-1
Applicant	Credit Card Application	USN-4	As a user, I want to enter my personal and financial details for prediction.	Form accepts valid inputs.	High	Sprint-1
Applicant	Prediction	USN-5	As a user, I want to know whether my credit card application is approved or rejected.	Prediction result is displayed instantly.	High	Sprint-1
Applicant	History	USN-6	As a user, I want to view my previous prediction history.	Previous predictions are displayed.	Medium	Sprint-2
Administrator	User Management	USN-7	As an administrator, I want to manage registered users.	Admin can view and manage user records.	Medium	Sprint-2
Administrator	Database Management	USN-8	As an administrator, I want to maintain applicant records securely.	Records are stored and updated successfully.	Medium	Sprint-2
Administrator	Model Management	USN-9	As an administrator, I want to update the machine learning model when required.	New model can be deployed successfully.	Low	Sprint-3

User Type	Functional Requirement	User Story No	User Story	Acceptance Criteria	Priority	Release
Applicant	Logout	USN-10	As a user, I want to log out securely after using the application.	Session ends successfully.	High	Sprint-1
